문익점 · 작은 목화밭

01 / Ground & scene details

A / Ground mat: 6 x 4 inches. Optional: glue onto thin cardboard.

B / Low stone wall

Wall stand 1

BACK	FOOT		G

Wall stand 2

BACK	FOOT		G

C / Two cotton plants for behind the wall

Cotton stand 1

BACK	FOOT		G

Cotton stand 2

BACK	FOOT		G

Keep the wall and cotton plants separate for a layered garden.
Glue the small triangular stands behind them (assembly on sheet 3).
Place the cottage at the back right; leave the farm open above the wall.
There is intentionally no hills or sky backdrop.

1 inch / 25.4 mm

02 / Folded building & projecting roof

D / Cottage front + two side walls

E / Textured roof: fold the center ridge; keep the printed side outside.

1. Fold cottage side walls BEHIND the front.
2. Fold the four sloping G tabs inward at the gable edges.
3. Fold roof at ridge. Center it over the gables with equal overhangs.
4. Glue the four G tabs to the underside of the roof.
5. Fold base tabs inward. Glue the building to the ground mat.

The cottage back stays open and faces away from the scene.

F1 / Character rear stand

F2 / Character rear stand

G1 / Small story-piece stand

G2 / Small story-piece stand

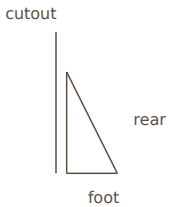

G3 / Small story-piece stand

1. Cut close to the shaped outlines, keeping the small white border.
2. Fold each stand strip into a triangle. Glue G inside the BACK panel.
3. Glue BACK behind its cutout, aligning their bottom edges.
4. The FOOT panel sits flat; the diagonal panel braces the cutout.

Small stands are optional: pieces can also lie inside the tray or chest.

Keep the names on this sheet; they are not part of the cutout.

04 / Planting tray & assembly

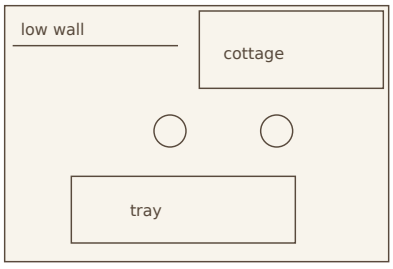

H / Planting tray: fold walls away from print; glue G tabs inside.

Four inside wall liners

Inside floor liner

I / After the tray dries, glue the four wood liners inside its walls.
Then glue the soil liner inside the bottom. The three stages fit in a row.

Suggested placement - top view

COMPLETE SET

2 characters + 3 growing stages + 2 tall cotton plants

Ground + low wall + cottage with thatched roof

Planting tray + soil and wall liners + 9 rear stands

Print all 4 sheets at 100% on 180-220 gsm cardstock.

An adult can help cut, score and glue.
